**DAVID JONES LIMITED ANNOUNCES
NEW APPOINTMENTS**

Subsequent to the appointment of Mark McInnes to the position of CEO of David Jones Limited in December 2002 the group has today announced the following appointments.

Chief Executive Officer Mark McInnes said, "These appointments reflect our focus on the key areas that drive our business – the use of capital, cost efficiencies, revenue generation and the continued management of inventory and margins, and the strategic review of our Foodchain business."

"The appointees are part of the well established team which has rebuilt the David Jones brand. They understand well what drives our business and also the areas on which we must now increase our focus to derive greater value for our shareholders. Each of them will play a key role in our forthcoming annual strategy review in which we review all aspects of our business," Mr. McInnes said.

Colette Garnsey has been appointed Group General Manager Apparel, Cosmetics and Marketing. Patrick Robinson has been appointed Group General Manager Home and Food and will assist in the strategic review of Foodchain. Colette and Patrick are long term key members of our merchandising team. They have been instrumental in the development of a significant point of difference in our merchandise and marketing which has enabled David Jones to drive revenue and manage margins in a highly competitive environment.

Don Grover, current Stores Director, is leaving David Jones. Don has made a significant contribution over many years in the company. Don has played a key role in building David Jones' pre-eminent position in the management of our stores, in particular the work related to service excellence and stock loss management, widely regarded as best practice. I would like to wish him well in the future.

Paul Zahra takes over from Don Grover as Group General Manager Stores and Visual Merchandising. Paul is a career retailer who has broad experience in all aspects of retail operations including store management, buying and logistics. Paul's key focus will be the continued delivery of excellent service whilst driving cost efficiencies.

Given the significance of the capital expenditure linked to the major store refurbishment program, John Bolas, General Manager Property and Projects will in the interim report to the CEO.

Supply Chain also represents a significant opportunity for cost efficiencies and accordingly Damian Eales, General Manager Supply Chain, Logistics and Online, will join the management committee and becomes a direct report to the CEO.

Colette, Patrick, Paul, John and Damian will join Stephen Goddard (Finance Director), Teresa Gallo (Group General Manager Human Resources), Lawrie Turner (Group General Manager Information Technology) and Jon McAtamney (General Manager Foodchain) as the group responsible for the management of the company.

"David Jones has rebuilt its core business model over the past several years. The focus of our 2003 review of strategy will be how we take that business model and drive greater efficiencies and improved returns." Mr. McInnes said.
